2 Bedroom, 2.00 Bathroom, 1,790 sqft

Residential on 0.26 Acres

VILLAGE GREEN OF BRADENTON,
BRADENTON, FL

Lovingly maintained two bed, two bath pool home with a large two car garage. This comfortable and clean ranch is in far northwest Bradenton, close to important amenities like HCA Florida Blake Hospital, the shopping corridor of Manatee Avenue and of course the lovely island paradise of Anna Maria Island! Everything is "move in ready" so be prepared to start enjoying the Florida lifestyle, immediately. The AC system was replaced in 2023. The roof was replaced in 2024. The electrical panel was replaced in 2025. The new paver driveway, for maximum curb appeal was laid in 2024. The list goes on, but you must see this one. Classic Florida features include the deep eaves to block the sun and a long, generous front porch. The foyer entry has a cool slate floor, and the "semi open" plan brings you into a large living room which flows into dining space with an adjacent patio. The light, bright kitchen overlooks a sunny family room and here you can start to pick up on some of the mid-century features. Large pocketing sliders bring the outside in by accessing the covered porch, pool, and vaulted lanai. You can entertain right from your kitchen with guests at the breakfast bar but there are also pocketing "service windows" should you need to pass refreshments out to poolside friends. The owner's suite has outdoor access (what true Florida ranch wouldn't?) and a spacious bath with an original dual vanity and

Japanese tiled shower. Did we already mention mid-century hipster vibe in some of these rooms? This home has a split plan so your guests will have plenty of privacy in their bed/bath combo on the far side of the house. The classic pool is large enough for laps and there is still plenty of yard left for gardening, pets or just plain old elbow room. The irrigation is from a well. The oversized garage has plenty of storage. Live here and you will NOT be in a flood zone. Live here and you will be on the same electrical grid as Blake Hospital. Needless to say this property was not impacted by the 2024 storm season and remains high and dry at 27 feet in elevation.
