One or more photo(s) has been virtually staged. Welcome to this breathtaking modern luxury residence with 4,831 sq ft of living area, where cutting-edge design meets ultimate comfort. This stunning property features five spacious bedrooms plus a cozy den, each bedroom paired with its own luxurious en-suite bathroom equipped with smart toilets. The master suite elevates luxury even further, offering an expansive layout, dual smart toilets, and the feel of a private retreat. From the moment you walk through the grand entrance, youâ€™re greeted by 14-foot ceilings and a climate-controlled glass wine cellar with 56 illuminated racks â€” a showpiece that sets the tone for the entire home. At the heart of this residence is a chefâ€™s dream kitchen: two expansive islands (one finished in exotic quartzite leather with waterfall edges), built-in appliances including a Miele coffee maker, and a striking mirror backsplash. Whether youâ€™re entertaining or unwinding, the open living spaces are as functional as they are beautiful. Additional spaces include a dedicated office and a full movie theater, giving you everything you need for work, play, and relaxation. Smart features are seamlessly woven throughout: motorized curtains and blackout blinds, a full Ring camera system controlled by a wall-mounted iPad, and a Sonos audio system delivering immersive sound in every room, including the lanai. Beyond that, the lighting, air conditioning, water heater, smart pool

system, and music are all integrated into the smart home control, giving you effortless command over every aspect of your living experience. The garage setup is equally impressive, with an oversized RV garage and a double garage, both equipped with EV charging stations – blending practicality with luxury. Step outside into your personal resort: an exotic deep ocean blue Pebble Sheen pool (lifetime guaranteed), a separate jacuzzi, and a fully equipped outdoor kitchen + prep kitchen with built-in appliances – including a beer dispenser, ice maker, and gorgeous exotic leather quartzite countertops that match the elegance inside. The outdoor space is finished with thermowood ceilings (25-year warranty), electric hurricane screen shutters rated for 165 mph, and temperature-controlled natural shell stone tile that stays cool underfoot, all surrounded by lush, maintenance-free artificial turf. Located in a no-flood zone, with all assessments paid, this modern masterpiece offers privacy, peace, and long-term value. This isn’t just a house – it’s a lifestyle statement.
