This 7.57-acre property offers endless possibilities for creating your private homestead. The large workshop is fully equipped with a 100-amp service, lighting, outlets, and water/W/D hookups. The property also boasts a 200-amp power service, a tested well with a new bladder tank and water filtration system, and two septic tanks.

With ample cleared space, it's perfect for farm animals or building additional structures, while still allowing you to enjoy the beauty of the pond and mature oaks that provide shade and privacy.
