Residential on 0.13 Acres

WINTER PARK VILLAS, WINTER PARK, FL

This is a fabulous 2-bedroom, 2-bathroom condo in the heart of Winter Park. This home has a rare gated, private front entrance that is a unique feature of this street in the community, making the entrance to this home very welcoming and aesthetically appealing. Upon entering through the front door, you will notice the height of the vaulted ceilings and the natural light that flows through the space. The downstairs features beautiful wood floors, a modern fireplace, and a light, bright kitchen. Downstairs also includes one bedroom, one bathroom, a laundry room, and a private, fenced patio. The back porch is your blank slate to plant a garden or beautiful trees to create your oasis. It is rare in a condo or townhome community to have space for vegetation! Upstairs features another spacious bedroom and bathroom. The community boasts a tennis court that has just been re-paved and a sparkling blue community pool. In 2020, the HOA replaced the roof, painted the exterior of all buildings, replaced the streetlights, added new gutters and community mailboxes. Additional improvements include a newer hot water heater (2022), an ADT security system, and soon, the community roads will be re-paved. This is a gorgeous, well-kept community and this home is ready for its next homeowner! What a cute place and you can walk to Full Sail University!
